Welcome to the 27th Cricket on Ice on Lake St. Moritz, 13th – 16th February 2014

Dear supporters of the most unusual cricketing event in the calendar,

"Cricket on Ice 2014" will take place again on the lake of St. Moritz/Switzerland in February, just before the last White Turf meeting.

The event was the brainchild of a few British cricket enthusiasts (Old Boys from the international boarding school Lyceum Alpinum Zuoz) and many famous cricketers have taken part over the last decades. The picturesque Swiss resort of St. Moritz is famous for the beauty of its ski slopes and the adrenalin rushes of the Cresta Run. But for sheer quirkiness, few sport events can beat its February cricket festival on the ice and snow on the frozen lake.

This testimony to sports' eccentricity began to take shape in 1988, when a group of intrepid British cricketers challenged the students of the international boarding school Lyceum Alpinum Zuoz to a match. Ever since, it has become an integral part of the official cricket calendar, attracting international players and high-flying business people from all over the world.

Scheduled games

- Thursday 13th February 10am – 4pm Old Chomelians XI v Dresden CC
St. Moritz CC v Old Chomelians XI
- Friday 14th February 10am – 4pm St. Moritz CC v Dresden CC
Dresden v Lyceum Alpinum XI
- Saturday 15th February 10am – 4pm Lyceum Alpinum XI v Old Chomelians XI
St. Moritz CC v Lyceum Alpinum XI
- Sunday 16th February 10am – 1pm Champagne Cricket Match: Presidents XI v COI All Stars

The four teams competing for the trophy are Old Chomelians, Dresden CC, St. Moritz CC & Lyceum Alpinum.

Please get in touch with the organising committee if you have any questions, or check our homepage www.cricket-on-ice.com. It would be a great pleasure to welcome you on the lake, offer you delicious refreshments and a chair in the sun, from where you can watch the matches in the champagne climate of St. Moritz!

Cricket on Ice is very proud to welcome you to St. Moritz.
We hope you will enjoy this unique event.

Yours sincerely,

John Hallam

Cricket on Ice

The picture-postcard Swiss resort of St. Moritz is famous for the beauty of its ski slopes and the adrenalin rush of the Cresta Run, but for sheer quirkiness few sporting occasions can beat its February cricket festival on the ice of its frozen lake! This testament to the sport's eccentricity began in 1988, when a group of Britons challenged the students of the international boarding school Lyceum Alpinum Zuoz to a game, since which time it has become an integral part of the cricket calendar, attracting international players and high-flying businessmen from all over the world.

Cricket is a way of life, a game like no other in which one man, the batsman, is pitted against eleven opponents. But the bowler, too, when he stands alone before the man with the leg pads and the wooden bat, knows how much his aim may determine the success or failure of his team. Not without good reason, the captain has charged the bowler with the task of confronting the batsman who stands transfixed before him, eyes glued on him and almost motionless save for the ritual, gentle beating of the ground with his bat.

Cricket is renowned primarily as a sport for gentlemen and it may seem that what matters most of all is keeping those long, elegant white trousers free of grass stains. However, those who want to play the game seriously (and which English game isn't played in earnest?), will deploy considerable strength, agility and toughness, as well as tactical intelligence. Wielding that bat and reacting to spinning balls are skills not learned overnight and even learning the art of fair play, in which every clever move by your opponent is acknowledged with polite applause, needs years of experience.

On Lake St. Moritz, the game is a little different. Instead of whites, the players wear warm tracksuits. The ball is made of hard rubber, because traditional leather would become wet, heavy and unpredictable on the snow. The pitch is artificial grass. Under the weathered mixture of synthetic and natural snow, the ice creaks! In summer, players tread the meticulously prepared grass with a ghostly silence. Every step crunches on Lake St. Moritz. Whether the players score their runs enthusiastically or with nonchalance, their performance can be checked acoustically.

Event tickets

No entry ticket is required to watch Cricket on Ice.

The Tournament Rules

The teams compete in a Twenty20 Round-Robin tournament. Bowlers are limited to 4 overs. The players are allowed and recommended to wear spikes. Each team & umpires wear a coloured fleece.

The Cricket on Ice tournament respects the international MCC laws of cricket, except where:

1. Four teams compete in a knock-out style tournament (win=2 points, tie/draw=1 point, loss=0 points)
2. Games consist of 20 overs per innings
3. Bowlers are limited to 4 overs
4. Games begin at 10am and 1pm
5. Rubber/plastic 'Readers' indoor balls are supplied by the tournament organisers
6. Ball not pitching on the matting (pitch) is a no-ball
7. A maximum of two bounces before the ball reaches the batsman are permitted (NOTE: no penalty has been defined (i.e. no-ball) so it is left to the umpire's discretion whether a no-ball or dead ball should be called)
8. A ball passing behind the batsman on the leg is not necessarily a wide
9. A ball passing the batsman above the shoulder on the full at the popping crease is a no-ball
10. There is no "Free-hit"
11. Fielders are permitted to wear gloves & sunglasses and must wear the clothing provided for the tournament
12. There is no limit to the number of substitutes, but the officials must be made aware of all changes
13. No more than 11 fielders are permitted on the field at any one time
14. Specified members of the media (photographers/TV) may be tolerated on the field during play

The cricket played is a competitive, but amateur, level and depends a lot on fairness and the spirit of friendship between the teams. ("For when the one great scorer comes to mark against your name, he writes - not that you won or lost, but how you played the game.")

Press coverage

Professional pictures and filming

The media are invited to take pictures and to film at any time. Enjoy the show! Please be aware of the risks which are involved in a cricket match. Between the innings, the organiser is offering a 15 minutes time-gap for close-up shooting. Pictures and video material can be requested after the event from the organizers or visit www.cricket-on-ice.com for downloads.
